I am sure a great many of my friends and those interested in the possibilities of new Gladioli will appreciate the fact that I am offering seed from my private planting. While there cannot be any assurance of just what exists in these seeds, the finest Gladiolus the world has ever seen may be produced from them. The parent stock is by far the best that has ever been produced, as proven by the fact that the Kunderd Gladiolus Varieties have won more times in more shows under more judges than all other Gladioli in the world combined.

## *Partial View of My Huge Plantings Where these Seeds Were Gathered*

I grow annually a large acreage of Gladioli. Among them are the outstanding varieties in the world. I have the largest trial grounds in the world and when finer Gladioli are produced, Kunderd will produce them. In my catalog, this year 600 varieties are listed and from these magnificent kinds I have gathered the seed which I offer you in this folder for only 50 cents. The picture below shows only a part of one of my many large fields of Gladioli.

You may rest assured that there will not be two alike in the entire collection of 200 seeds. They will all be vastly different.

## *Many Will Prove to be Unusual Varieties*

In these seeds you may find another Purple Glory, a Pendleton, a Dr. Nelson Shook, a Mrs. Calvin Coolidge, a Thomas A. Edison or any one of the most famous Gladiolus varieties. You may find the most wonderful flower the world has ever known. For the small sum of fifty cents you may experience a lot of pleasure and you may be bountifully rewarded. The knowledge you will gain from planting the seed of this marvelous flower will be worth considerable to you. **THEY ARE COMPARATIVELY EASY TO GROW.**

## *World's Most Popular Gladioli Came from Kunderd Seed*

I wish you would bear in mind that my most famous varieties came from exactly the same kind of seed I am offering you. When your Gladioli, planted from seed, come into bloom, you may have the enjoyment of naming the flowers yourself. Perhaps you will want to name them after some member of your family or a friend. What a thrill they will receive from such an experience.

*I want to assure you they are by far the best you can secure anywhere. The excellence of my seed and bulb stock has been responsible for the international reputation I now enjoy as a first quality house. The Gladiolus seed I send you should bloom and do remarkably well but there are some conditions beyond my control after the seed leaves my farm that I cannot guarantee results from them. My bulb stock, however, is fully guaranteed.*
